

High Speed Disperser (HSD)

Multimix®

Multimix High Speed Disperser

The HSD series is particularly for high speed dispersing with a dissolver stirrer and is available with up to 100 hp motors. It is designed for applications such as powder dispersions for the inks, paints and coating, adhesives, silicone emulsions and chemicals. It is suitable for mixing low and medium viscosities of up to 500,000 cps.

Specifications

Model	Power (HP)	Speed (rpm)	Impeller dia/mm	Lifting mm
HSD110	10	0-1500	200	0-1200
HSD120	25	0-1500	250	0-1200
HSD130	30	0-1500	300	0-1200
HSD140	40	0-1500	400	0-1500
HSD150	50	0-1500	500	0-1500
HSD160	60	0-1500	550	0-1500
HSD175	75	0-1500	600	0-1500
HSD200	100	0-1500	650	0-1500

Accessories

Drum Clamp up to 1200mm
Hydraulic Power Pack

Optional Attachments

Dual Shaft Mixer
High Shear Mixer
Lifting 0-1800mm
Panel Control with Frequency Inverter
Explosion Proof Motor
Safety Limits Switch

Batch HSM
